

# EndoWrist Suction Irrigator

for the da Vinci Xi and da Vinci X  
Surgical Systems

The precision and versatility of the EndoWrist Suction Irrigator enhances visualization during critical procedure steps. Harnessing the advanced capability of the da Vinci Xi and X Surgical Systems, this fully-articulated instrument is beneficial to the product platform.

---

## 01

### Fully Wristed Articulation

The 45° articulating tip of the EndoWrist Suction Irrigator assists navigation around hard-to-reach anatomy.

---

### Multifunctional Surgical Instrument

The EndoWrist Suction Irrigator is designed for evacuation and aspiration of fluids with the added abilities of retraction and blunt dissection.

---

### Surgeon Autonomy & Control

Precise suction and irrigation around key structures is controlled through the Surgeon Console, enhancing the visualization of the surgical field.

## Ordering Information

Part Number	Product Description	Uses	Quantity/Box
480299	EndoWrist Suction Irrigator	Single use	6

### Product Information

#### Da Vinci X & Xi Surgical Systems

The Intuitive Surgical Endoscopic Instrument Control Systems (da Vinci X and da Vinci Xi Surgical Systems) are intended to assist in the accurate control of Intuitive Surgical Endoscopic Instruments during urologic surgical procedures, general laparoscopic surgical procedures, gynecologic laparoscopic surgical procedures, general thoracoscopic surgical procedures, and trans-oral otolaryngology surgical procedures restricted to benign tumors and malignant tumors classified as T1 and T2, and for benign base of tongue resection procedures. The systems are indicated for adult and pediatric use (except for trans-oral otolaryngology surgical procedures). They are intended to be used by trained physicians in an operating room environment.

The da Vinci X and da Vinci Xi Surgical Systems are class IIb medical devices CE marked (CE 2460) under the European Medical Devices

Directive (93/42/EEC), manufactured by Intuitive Surgical, Inc. Refer to Instructions For Use before use.

#### Suction Irrigator

The EndoWrist Suction Irrigator is intended for use in all endoscopic surgical applications where the compatible da Vinci Surgical System is indicated.

The EndoWrist Suction Irrigator is a class IIa medical device CE marked (CE 2460) under the European Medical Devices Directive (93/42/EEC) manufactured by Intuitive Surgical, Inc. Refer to Instructions For Use before use.
